

Chris Melvin Factoriza

Front-end Developer

I am a front-end web developer with experience working across the different stacks of software development. I have good technical skills, and great communication skills. I'm looking for a role where I can maximize the skills that I have as well as grow in different facets of my professional career.

Experience

Visual

November 2021 - March 2022

Front-End Web Developer

- Built interactive visual tools for the educational purposes of finance students
- Implemented web designs for financial tools
- Implemented analytics system

Open Session
